## CHAIRMAN'S MESSAGE: WHEN MASKS WERE MASKS

In 1990 my wife and I were both stationed in Hawaii. We knew the chairwoman of Oahu's inaugural New Year's First Night celebration who bemoaned only having enough funding to bring in two artists from outside the state for the celebration. She knew we had Vermont connections and quite eagerly let us know one of those out of state artists was from Vermont, a woman who did masks. Appointments were limited so we quickly signed up.

Come New Years eve we celebrated in Honolulu and showed up to meet Maggie Sherman and make a mask. Previous appointments had ravaged her mask decorating supplies and our group's session started over an hour late, but we persevered. It was fun and even more meaningful since we were anticipating an imminent separation; a deployment for Desert Storm.

We had never heard of Montgomery, nor Maggie or her Montgomery Masks project. We ended up here by accident four years later after taking an adventurous left turn onto Route 58 while on vacation, "Hey, this is where the mask lady was from". We think it must have been fate but perhaps she cast a spell on us and those made-in-Hawaii masks.

Maggie passed away in late February. She was a longtime supporter of the Historical Society and we will miss her and cherish our memories. The Society has a small collection from her Montgomery Masks project, a reminder of the special sauce ingredients that made, and make, Montgomery, Montgomery.

Take care everyone,

*Scott*

## 2022 MEMBERSHIP DRIVE

John Beaty put together our annual membership letter which we hope will inspire you to join or renew. You should receive it soon if you haven't already. You can renew, or join for the first time, online anytime, or mail us your membership with the provided return envelope.

Revenue from membership dues is the life blood of our Society. It pays for heat, water, power, insurance, grounds keeping, and our programs like preservation, speakers, concerts, and holiday events.

Your membership is also an important consideration for grant administrators when deciding whether to award us a grant. It is seen as a metric of the health of our organization, community support, and our ability to effectively use their funds. We have a strong track record.

## **SELECTWOMEN**

We received an inquiry about women serving on the Montgomery Selectboard recently. A reporter from a local paper was researching why there were so few women serving in Franklin County and Vermont in general. We directed her to our website where we have a list of every member of the Selectboard since 1802. It shows Montgomery has bucked the trend in recent times. The first woman to serve on the Montgomery Selectboard was Beatrice Chaffee, who completed the term of her husband, William, who died in 1971. She served through 1973, then again from 1976 through 1978.

It would be almost 30 years before the next woman, Tosca Smith, would serve. Tosca was elected when the Town voted to expand the Board from three to five positions. She served from 2002 through 2006.

Tosca was followed by Wendy Howard who served from 2007 through 2015, making her the longest serving woman to date at 9 years.

Carol McGregor (2009-2015) and Sue Regan (2010-2015) joined Wendy on the board making the women the Board majority for six years from 2010 through 2015. Sarah Silva served in 2016.

The current Board has had a majority of women beginning in 2021; Leanne Barnard, Suzanne Dollois, and Emily Kimball.

BTW: The first woman to serve as Town clerk was Roseanna Ariel who took office in 1957 following the death of her husband, Wilfred, who held that office but died the same year. Montgomery Town Clerks have been women ever since. Theresa Lamore was the longest serving woman, 1960 through 1987.

Women have been active in many other town Boards and Committees, including the School Board, Library Board, Rec Board, Planning Commission, Board of Listers, and Budget Committee.

## **2021 TOWN REPORT INPUT**

We provided a two page article, "A Short History of the Montgomery Town Hall". It is based on the research we did to get a historic preservation eligibility designation for the building formerly known as the Grange, Crescent Theater, and Congregationalist Church. As always we thanked the community and welcomed future support.

## **2022 SCHOLARSHIP APPLICATIONS SOON**

Applications for our annual Dr. Winston Lewis Memorial Scholarship and the Joe and Irene Scott Memorial Scholarship are due May 1st. All graduating Montgomery seniors going on to future education or training are eligible. This includes technical training, e.g. CDL, as well as college. Applications and related information was mailed to seniors in March and are also available from our web site at the link above.

## **PARMA JEWETT**

MHS past President, Archivist, and Director, Parma Jewett, was this year's Town Report honoree (aka "Cover Girl"). Congratulations Parma.

In other Parma related news... She, Lynda Cluba, and Sue Wilson have been working to restart the Senior Meal program. In person lunches will start in May at the Public Safety Building. The Society has agreed to provide short, community history themed programs when requested and we expect to learn from these elders as well. We will update you in future newsletters.

## **DONATIONS**

Our thanks to Harvey and Lisa Chaffee for a donation of a book of photos and newspaper clippings on the construction of the Montgomery Elementary School in 1991-2.
